📞 9997630675   ✉ rohitpanwar09871@gmail.com   in LinkedIn: Rohit Panwar

Summary :

"Motivated Software Developer with hands-on experience in full-stack web development. Proficient in MERN stack (MongoDB, Express.js, React, Node.js) and modern JavaScript frameworks, demonstrated through the successful development of multiple end-to-end applications. Strong foundation in frontend technologies, RESTful APIs, and database management, complemented by practical experience in user authentication and responsive design implementation. Seeking an entry-level Software Engineer position to leverage technical skills and contribute to innovative projects while growing in a collaborative development environment."

Skills :

- **Programming Languages**: Javascript, Java, Python, Typescript, HTML, CSS
- **Web Technologies**: React, Next.js, Redux, Nodejs, Django, Flask, Bootstrap / Tailwind, UI/UX
- **Databases**: MongoDb, SQL
- **Tools & Platforms:** Git / Github, Wordpress, AWS, Docker
- **Core Competencies:** Web Development, Responsive Design, API Integration, Version Control, Agile Methodologies
- **Soft Skills:** Problem Solving, Adaptability, Quick Learning, Collaborative Communication

Experience :

Software Developer Intern | CODTECH IT SOLUTIONS

(July 2024 - September 2024)

- Developing full-stack web applications using MERN stack technologies
- Implementing projects with React, Node.js, MongoDB, and TypeScript
- Collaborating with cross-functional teams to deliver high-quality software solutions

Personal Projects :

Stack-OverFlow Clone | stack-overflow-rohit.netlify.app   **Nov 2023 - Jan 2024**

- Developed a community-driven platform for developers to share knowledge
- Implemented user authentication with JSON Web Tokens (JWT)
- Technologies: React.js, Redux, Node.js, Express.js, MongoDB

E-Sign App | https://rohitpanwar03.github.io/E-sign/   **June 2024**

- Designed fully responsive digital signature creation tool
- Implemented signature editing and download functionality
- Technologies: HTML, CSS, JavaScript

Advance Weather Forecast App | github.com/RohitPanwar03/Advance-Weather   **April 2024 - May 2024**

- Created responsive weather application with real-time geolocation
- Integrated third-party weather APIs for accurate forecasts
- Technologies: HTML, CSS, JavaScript

Education :

Bachelors of Computer Applications (BCA)	**July 2020 – June 2023**
Chandigarh University	*Kharar, Punjab*
Full Stack Development Course	**2021**
Internshala Trainings
